

MCA Connect

INSPIRE PLATFORM™

A Modern Analytics Platform

Unlock the value of your data

Consolidate your data, optimize it for analytics, and make better, more timely decisions with MCA Connect's Inspire Platform™. Reduce IT dependency and enable data-driven decision making with self-service analytics. Offering out-of-the-box reporting on industry-standard KPIs, Inspire Platform™ unlocks the value of your data to inspire innovation.

Break down data silos

Unite critical data across divisions, geographies, and data sources so you're better equipped to make big decisions (and automate routine ones!). Get preprocessed data optimized for analytics in near real time.

Gain immediate insights

Get information quickly and efficiently with self-service analytics, out-of-the box reporting, and industry-standard KPIs. Transition to managing by exception and better adapt to changing demand with visibility into what's coming.

Act with confidence

Spot abnormalities and trends in your supply chain. Optimize inventory, fulfillment, quality, and cash flow in near real-time. See what's happening with shop floor equipment, even when you're away.

Modernize and optimize

Go beyond insights to inspiration with a modern data platform designed for manufacturers and distributors and compatible with Microsoft Dynamics 365. Uncover patterns and get insights to continually optimize inventory, sales, and productivity.

What you get

- ▶ Immediate insights with self-service analytics and out-of-box reporting
- ▶ All your enterprise data, all in one place
- ▶ Foundation for predictive analytics compatible with Dynamics 365
- ▶ Visibility into past performance and forecasted results
- ▶ Ongoing enhancements and support from a team of industry experts
